DRAWING NOTES ON LINES AND SPACES

Now we are drawing a note on every line and space starting at line 1 and going up to line 5. Look at the example below.

Now it's your turn. Start drawing every line note and space note beginning with the first note you see. Start at the bottom and put a note on every line and space.

Let's try again. Here is a example of what yours should look like.

Now draw every space and line note.
